The Investment Guidelines shall be reviewed at least annually, amended as necessary and recommended by the Audit and Governance Committee for approval by the Authority's Board of Commissioners (the "Board").

Section 5. Permitted Investments

The following is a listing of the permitted investments, all of which are consistent with the appropriate provisions of law relating to the Authority and any additional requirements pursuant to any contract with bond and note holders:

- 2). Time Deposit, Demand Deposit, and Money Market Accounts in a bank or trust company authorized to do business in New York State;

Section 6. Diversification of Investments

Investments of the Authority shall be reasonably diversified, as shall firms with which the Authority transacts business. This section shall not be construed to mandate absolute diversification in the event that the Authority Board or its Executive Director on advice of the Chief Financial Officer considers, in a certain instance, that diversification is not in the best interest of the Authority. Diversification shall be reviewed quarterly with the Audit and Governance Committee with respect to type of investment and the allocation of investments among financial institutions. See attached example.

Section 7. Collateral.

- 1). Certificates of Deposit, Time Deposit, Demand Deposit, and Money Market Accounts shall be fully secured by insurance of the Federal Deposit Insurance Corporation (FDIC) and, when applicable, by obligations of the United States, or obligations of federal agencies, the principal and interest of which are guaranteed by the United States, or obligations of New York State or any municipality or municipal corporation located therein. Collateral shall be delivered to the Authority or a Custodial Bank with which the Authority has entered into a Security/Custodial Agreement, in accordance with General Municipal Law, §10.
- 2). Collateral shall not be required with respect to the direct purchase of obligations of New York State or any municipality or municipal corporation located therein, obligations of the United States, and obligations of federal agencies, the principal and interest of which are guaranteed by the United States Government.
- 3). The securities purchased under a Repurchase Agreement must be direct United States Government obligations. The purchase price should be the present market value of the securities and not the face value.
- 4). Securities purchased through a Repurchase Agreement shall be valued to market at least weekly.
- 5). The market value of the collateral shall equal the value of the investment and its accrued interest at all times. The recorded value of the collateral backing any investment shall be adjusted to market at the time of the initial investment, and thereafter at least monthly to be certain that the principal amount of the market value of collateral is at least 100% of the investment.
- 6). The security/custodial agreement shall provide that eligible securities (in compliance with Section 7, Paragraph 1), are being pledged to secure Authority deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the Authority to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the Authority, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Authority or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the Authority, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency or revaluation of eligible

securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the Authority a perfected interest in the securities.

- 7). In the event the market value of the collateral is less than 99% of the value of the original investment and accrued interest, the financial institution at which the investment was placed will be required to immediately move additional collateral to the custodian in order to be in compliance with Section 7, Paragraph 4 of these guidelines.
- 8). Failure of the financial institution to correct this situation within one (1) business day upon notice by the Authority or its custodian, will result in the financial institution being held in default. Further, all investment activity with that financial institution will be suspended until the default is resolved.

Section 8. Delivery of Securities

- 1). Every Repurchase Agreement shall provide for payment to the seller only upon the seller's delivery of obligations of the United States to the Custodial Bank designated by the Authority, or in the case of a book-entry transaction, when the obligations of the United States are credited to the Custodian's Federal Reserve Bank account. The seller shall not be entitled to substitute securities without written approval of the Authority's Chief Financial Officer or his designee. The Custodial Bank shall confirm all transactions in writing to insure that the Authority's ownership of the securities is properly reflected on the records of the Custodial Bank.
- 2). Payment shall be made by or on behalf of the Authority for obligations of New York State, obligations the principal and interest of which are guaranteed by the United States, direct United States Obligations, certificates of deposit, and other purchased securities upon the delivery thereof to the custodial bank, or in the case of a book-entry transaction, when the purchased securities are credited to the Custodial Bank's Federal Reserve System account. All transactions shall be confirmed in writing.

Section 9. Written Contracts

Written contracts are required for Repurchase Agreements, Certificates of Deposit, and custodial undertakings. With respect to the purchase of obligations of United States, New York State, or other governmental entities, etc. in which monies may be invested, the interests of the Authority will be adequately protected by conditioning payment on the physical delivery of purchased securities to the Custodian's Federal Reserve System account. All purchases will be confirmed in writing to the Chief Financial Officer of the Authority, or her designee.

It is therefore, the policy of the Authority to require written contracts as follows:

- 1). Written contracts shall be required for all Repurchase Agreements. Only credit worthy banks and primary reporting dealers shall be qualified to enter into a Repurchase Agreement with the Authority. The written contract shall provide that only obligations of the United States may be purchased, and the Authority shall take delivery, through the Authority's custodian, of the purchased securities. No specific repurchase agreement shall be entered into unless a master repurchase agreement has been executed between the Authority and the trading partners.
- 2). Written contracts shall be required for the purchase of all Certificates of Deposit.
- 3). A written contract shall be required with the Custodial Bank.

Section 10. Financial Strength of Institutions

All financial institutions must be creditworthy. Prior to doing business with the Authority, credit rating agencies (Moody's, Fitch, or Standard and Poor's) will be used to determine their creditworthiness. Credit ratings will be updated and reviewed quarterly. In addition to the quarterly review of the credit ratings, the financial institution's annual reports must be submitted each year to the Authority's Chief Financial Officer or her designee for review and analysis.

Section 11. Operations

The Chief Financial Officer is hereby authorized to make all investment decisions, invest all Authority surplus funds and execute repurchase agreements and certificates of deposit on behalf of the Authority in line with these guidelines.

The aforementioned authorization may be delegated by the Chief Financial Officer to qualified representatives, who shall assume the duties relative to investment of Authority surplus funds subject to established internal controls including, but not limited to the following:

- 1). No single staff person shall both execute and authorize an investment transaction.
- 2). All transactions must be approved in writing, prior to execution of the transaction, by either the Chief Financial Officer, or qualified representatives.
- 3). All authorized investment transactions must be compiled, recorded and reviewed by the Chief Financial Officer, or qualified representatives by the end of each business day.

Oral directions concerning the purchase or sale of securities shall be confirmed in writing. The Authority shall pay for purchased securities upon the delivery, or book-entry, thereof.

Competition in the placing of investments will be implemented. If a telephone quote is the standard method of placing a form of investment, a complete and continuous record of all such quotes, solicited and received, must be maintained. Timeliness of response is critical. A minimum of three (3) separate quotes will be required on each purchase or sale of security, and shall be awarded to the highest bidder, net of fund's transfer charges incurred and other account fees.
